# What is Connected Canopy?

- A Creative Generation project made in collaboration with Cambodian Living Arts
- It is a site-specific project that operates at the intersection of art, architecture and community.
- It will be located at the home of Cambodian Living Arts and will provide a space for community gatherings, events and a safe space for personal expression.
- The design for the Connected Canopy will be chosen from applications submitted by teams of young Cambodian creatives. The teams can include people from various fields like architecture, art and design.

## Who can apply?

All applicants must meet the following requirements:

- Be a student or professional in the field of art, design or architecture
- Have Cambodian nationality
- Age from 18 to 30 years old
- A team of at least 2 people

## What will the winners receive?

- The design of the winning team will be built at CLA at the end of the year with a public launch in December
- Cash prize:
  - The five finalist teams will receive a cash prize of \$250
  - The winning design team will receive an additional cash prize of \$750
- Mentorship:
  - The five finalist teams will be mentored by experts to prepare their final presentation
  - The winning design team will work closely with Creative Generation, as well as professional developers to build the canopy, and will receive support for technical issues
- A budget of \$6000 to cover all costs of materials, labor and engineering support
- The winning design team will get to co-design the garden landscaping with Urban Living Solutions, who have kindly offered to sponsor it

# Requirements

- The design must be integrated with the existing site, including the buildings and trees.
- The canopy is a permanent structure and must be strong enough for use for several years.
- The design must include a staging area for small events, and standing/seating area for guests up to 100 people.
- The canopy must be a stand-alone structure, it cannot be attached to the existing building. But it is possible to add supporting columns that can be anchored in the ground.
- The canopy must be safe for use all year round with wind, rain, sun and falling mangoes.
- It is not required to be waterproof.

## Community Engagement

- Invite members of the CLA community of artists to participate in the design process
- Work with members of the CLA community of artists to contribute to some part of the structure
- Incorporate interactive design elements to encourage visitor engagement with the structure
- Or propose your own idea

**WINNER ANNOUNCED**

Based on the presentations, the Jury will select the winning design from amongst the 5 finalists. It will be announced 30 September 2024 and the winning team will receive a \$750 cash prize.

# How to apply

## Cover page

Include the following for each team member:

- Name:
- Age:
- Contact:
- Current studies or job:

## Project description

(200 to 500 words)

## Explain how your project includes community engagement

(200 to 500 words)

Submit the following in an A3 document saved as a PDF to: [hello@creativegeneration.art](mailto:hello@creativegeneration.art). Submissions may be in Khmer or English.

## Design concept, including:

- Reference pictures/mood board including materials that will be used (1-2 pages)
- Layout (scale 1/100) (1 page)
- At least 1 section (1/100) (1 page)
- Sketches (or 3D views) (1-3 pages)
- Model (optional)

# 5 Finalists

If your team is selected as one of the 5 finalist teams you will be required to present your final proposal to the jury on 28 September 2024. The final proposal must include a Master Plan with the following:

- Final design concept
- Main views (layout, sections, etc.)
- Community engagement plan
- Materials and sources
- Main details of construction
